

THE FLAGSTAFF FESTIVAL OF SCIENCE:

2026 SPONSORSHIP PACKAGE

Our mission: The Flagstaff Festival of Science serves to connect and inspire people of northern Arizona, particularly youth, with the wonders of science and the joy of scientific discovery.

Est. 1990

A photograph showing a group of diverse children gathered around a table. In the foreground, a large, bubbly, green foam structure is being created on a silver tray. The children are looking at the foam with interest and excitement. One girl in the center has her mouth wide open in a shout. In the background, a man in a dark shirt is partially visible, and another girl is covering her mouth with her hands, looking surprised.
